Post:	Teacher of Product Design & Engineering
Location:	Coventry
Salary:	Equivalent to main pay/upper pay scale depending on experience
Contract type:	Full-time
Contract term:	Permanent
Closing date:	**Monday 23rd April @ 9am**
Interview dates:	**Week commencing 30th April**
Start Date:	1st September 2018 (NQTs from 1st July 2018)

The WMG Academy Trust Board are seeking to appoint motivated, dedicated and aspirational teachers in the area of Product Design & Engineering at WMG Academy for Young Engineers, Coventry.

Our Ofsted inspection of March 2017 has fully endorsed, across all categories, that we are a 'Good' school.

We are looking for a different kind of Product Design & Engineering teacher who wants to be at the cutting edge of teaching and learning, working differently, alongside employer partners. We are bringing the curriculum to life with an innovative approach using real life business problem-solving skills and embracing business-like learning behaviours.

The key academic sponsor of both academies is the University of Warwick. The Coventry Academy occupies a brand new building adjacent to the main University campus, equipped with the very latest in design, engineering and information technology. Our relationship with a broad range of local, national and international business partners will allow the successful candidate to link his/her teaching to an applied, employment-led educational environment.

We welcome applications from Product Design & Engineering teachers who love their subject, are passionate about education and through a flexible, 'problem solving' approach want to deliver outstanding outcomes for all learners.

If you feel that education is about creativity, innovation and inspiration and if you feel that you could work with business partners and experts from Higher Education to deliver learning which rejects 'spoon-feeding' and is based on team-working, challenge and fun, then you will love working for us.

This post is suitable for NQT's. Full support and training will be provided through your NQT year.

Do you have:-

- Outstanding classroom practice for students and staff?
- A commitment to partnership working and applied learning?
- A creative and imaginative approach to teaching and learning?
- A reflective approach combined with a determination to self-improve?

We offer:-

- An ethos of high expectations for students and staff;
- An amazing 21st century learning environment;
- A truly unique approach to professional development;
- The opportunity to work with some of the most inspiring people in business and Higher Education.

Further information about WMG Academy can be found on our website: coventry.wmgacademy.org.uk

We are committed to safeguarding and promoting the welfare of children. This post is subject to enhanced DBS clearance.

To apply for this position, please complete the application form with a supporting statement (section 7 of the application form). Please state in your application your specialist subject(s) and other subjects (and to which level) you are able to teach.

CV's will not be accepted.

Completed application forms should be returned to:

Claire Weatherall, WMG Academy for Young Engineers, Mitchell Avenue, Coventry, CV4 8DY or c.weatherall@wmgacademy.org.uk

For an informal conversation please contact the WMG Academy on 02476 464661 and ask for either the Associate Principal, Matt Brady or the Lead Teacher for Engineering, Andrew Kyprianou.
