The WMG Academy Trust Board seek to appoint an enthusiastic and flexible person to cover lessons in the absence of staff, carry out small group intervention and mentor key students.

You will be a key member of the WMG Academy Coventry team, covering lessons in Key Stages 4 and 5 during staff absence. The successful candidate will be expected to supervise personal learning sessions in Key Stage 4. When there are no staff absences, other learning support duties will be required which will include running small group intervention and mentoring key students. This role will definitely involve a very 'hands-on' approach to whole group teaching and consequently we are looking to employ somebody who thrives in a student-facing, forward-thinking environment and is looking to take the next steps in their education career.

As a small school, the concept of a 'family' environment is very important to us. Our staff are well looked after and genuinely work as a team in an open-office environment. Student-staff relationships are excellent and there are multiple opportunities to work with both an array of business partners (including Jaguar Land Rover, Bosch, Balfour Beatty and National Grid) as well as the University of Warwick. All members of staff are affiliate members of the university and enjoy associated benefits.

Our Ofsted inspection of March 2017 has fully endorsed, across all categories, that we are a 'Good' school.

The key academic sponsor of both academies is the University of Warwick. The Coventry Academy occupies a brand new building adjacent to the main University campus, equipped with the very latest in design, engineering and information technology. Our relationship with a broad range of local, national and international business partners will allow the successful candidate to link his/her teaching to an applied, employment-led educational environment.
