

JOB ADVERT

POST TITLE:	Teacher of English
PLACE OF WORK:	WMG Academy for Young Engineers, Coventry
POST RESPONSIBLE TO:	Lead for English
SALARY:	Equivalent to Teacher Main Scale (TMS)/Upper Pay Scale (UPS)
CLOSING DATE:	Two weeks from the date of the advertisement
INTERVIEW DATE:	TBC
START DATE:	January 2024

The WMG Academy Trust Board are seeking to appoint a motivated, dedicated and aspirational Teacher of English.

Energetic? Innovative? Passionate? Work with us and our leading industry partners to deliver a skills-based curriculum in a high achieving environment.

We are looking for a different kind of teacher who wants to be at the cutting edge of teaching and learning, working differently alongside employer partners. We are bringing the curriculum to life with an innovative approach using real life business problem-solving skills and embracing business-like learning behaviours.

We welcome applications from teachers who love their subject, are passionate about education and through a flexible, 'problem solving' approach want to deliver outstanding outcomes for all learners. You will be a key member of the WMG Academy team, delivering outstanding teaching across KS4 and KS5.

We are committed to safeguarding and promoting the welfare of children. This post is subject to enhanced DBS clearance.

The Role

The WMG Academy Trust is looking for an English Teacher who has excellent teaching skills. The successful candidate will inspire and enthuse students with their passion, ensuring outstanding outcomes in their subject area.

You will demonstrate and demand the highest standards of delivery and you will be fully committed to raising attainment to enable all students to achieve outstanding success.

Reporting to the Lead for English, you will be responsible for the planning and delivery of outstanding lessons and will be expected on occasions to share your expertise with the

English department to develop their employer commissions.

You will provide timely feedback for students on their work to ensure they are to achieve and realise their targets. All teachers will be pastoral tutors working closely with an identified cohort of students.

The Academy believes that all young people deserve to become world-class learners - to learn, enjoy, succeed and thrive in a first-rate educational environment with excellent facilities, outstanding teaching and the most up-to-date resources available to them. You will benefit from visionary, inspirational and dynamic leadership and be empowered to develop your own skills.

This is a unique opportunity to be involved in an exciting academy; designing and leading an innovative approach to learning and ensuring that learners achieve the highest outcomes and opportunities.

To apply for this position, please complete the application form with a supporting statement (section 7 of the application form) and our E&D monitoring form. Please state in your application your specialist subject(s) and other subjects and to which level you are able to teach. CVs will not be accepted.

Completed application forms should be returned, along with an Equality & Diversity Monitoring Form to: WMG Academy Coventry, Mitchell Avenue, Canley, Coventry, CV4 8DY or by email to coventryrecruitment@wmgacademy.org.uk

For an informal conversation please contact the Academy on 02476 464 661 and ask for Associate Principal, Fiesal Mahroof.

The WMG Academy for Young Engineers

The WMG Academy for Young Engineers Multi Academy Trust was formed in March 2015. Following the successful opening of the Coventry Academy in September 2014, the WMG Academy Trust opened its second Academy in September 2016 in North Solihull.

Formed between a partnership of the University of Warwick and with the support of national, regional and local businesses such as Jaguar Land Rover, National Grid, and Rolls-Royce, the Trust is committed to providing a better way of learning for the Engineers of the future.

The Trust is made up of members from industry including the EEF and the Local Authorities Chamber of Commerce and the University of Warwick who have led the development of the WMG Academies and oversee their running from a strategic perspective. They are supported by a board of trustees and governors, all with relevant business and education experience, who shape the experience of our learners.

Each WMG Academy focuses on engineering, information, digital and communication technologies and caters for up to 640 learners of 14-19 years of age from Coventry, Warwickshire and Solihull. The WMG Academy initiates and supports the development of well-educated and industry trained learners who not only have the qualifications but also the functional skills, knowledge and personal qualities to make an impact in the worlds of work, further and higher education.

As well as a core curriculum at Key Stage 4, which includes GCSEs in the core subjects maths, science, English and Engineering Manufacture, students can select from options, which include a humanities subject and free option subjects. In addition, all Key Stage 4 students can follow additional Level 2 Cambridge Nationals courses in Engineering worth a further 2 GCSEs equivalent.

Students at Key Stage 5 can follow a flexible pathway bespoke to their needs. Students can choose to take just STEM A-Levels or combine 3 traditional A-Levels with the Level 3 OCR Technical in Engineering worth the equivalent of 1 A-Level. Alternatively, many students at post 16 can study a Level 3 BTEC Engineering qualification at Certificate or Diploma level. Further BTEC qualifications are available in ICT and Science and students can mix qualifications to suit their needs and interests.

Our vision

We will ensure that our learners have raised aspirations that will provide the motivational drive to succeed. Strong employer and further and higher education links, as well as a professional ethos and culture will ensure the learners will be in demand from employers.

Our unique status of working very closely with some of the biggest employers in the region means that we have shaped the curriculum from day one to ensure we produce learners with a professional ethos and culture that is in high demand in today's working world.

Team working is the norm and learners work together to develop the skills that employers value. We are committed to developing team working, problem solving, creativity, leadership, communication, resilience and an ability to respond to change. As staff, it is our role to model those skills and behaviours to our learners in everything that we do.

The Academy follows an 8.30am – 4.30pm (Tuesday – Wednesday) with enrichment opportunities offered to students that include football, F1 in schools, Green Power and Engineering clubs. Students also have access to resources at Warwick University. On Mondays, Thursday and Fridays students leave at 3.20pm.
